

SPLIT ENTRY BELLS

32550 series

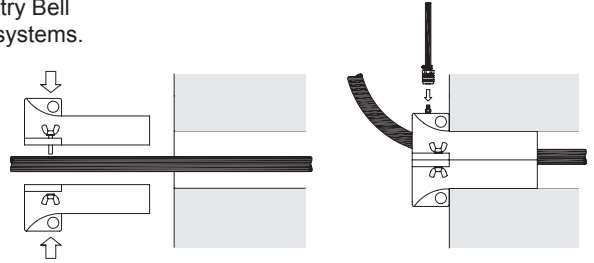

The DCD Split Entry Bell is designed to allow continuation of a single cable pull through a manhole – out one side and into another side. The split feature allows removal of the guide after installation.

Split Bells are available in long wearing Bronze or lower cost Aluminum. The two halves are held together by simple wing nuts and bolts and one lug has a 3/4" diameter lifting hole.

By adding an L to the end of the part number, you can also order an Entry Bell complete with a Lube Fitting for the DCD **TUBE-LUBE® 326** applicator systems.

Aluminum Bell Part No.	Bronze Bell Part No.	Nom. Duct Dia.	Aluminum Weight	Bronze Weight
32550-200A	32550-200B	2"	1.4 lb.	4.1 lb.
32550-300A	32550-300B	3"	2.2 lb.	6.4 lb.
32550-400A	32550-400B	4"	2.9 lb.	8.2 lb.
32550-450A	32550-450B	4-1/2"	3.3 lb.	9.4 lb.
32550-500A	32550-500B	5"	3.5 lb.	10.0 lb.
32550-600A	32550-600B	6"	4.6 lb.	13.0 lb.

Note: Add "L" to end of Part No. for Lubrication Part No.

POLY BELL

32510 series

This product is used for guiding the cable into the ducting. The polyurethane material is self lubricating and as such helps to smooth the passage of cable into the duct.

Part No.	Nom. Duct Dia.	Weight
32510-300	3"	1.5 lb.
32510-400	4"	2.0 lb.
32510-500	5"	2.5 lb.

NYLON CABLE PROTECTOR

32560 series

These products are common to the industry and serve to protect the cable while being fed into the duct. They may be left in place if there is concern about wear between the duct edge and the cable.

The below part number indicates a box of 10 pieces. They are not sold individually.

Part No.	Description	Weight
32560-200	For 2" – 2-1/2" Duct (Package of 10 pieces)	0.06 lb.
32560-300	For 3" – 6" Duct (Package of 10 pieces)	1.55 lb.

SAFETY LIFTING BAR

32950 series

This product is simply a plain bar that can be used to prevent products such as the Corner Guides, Quadrants or Wire Rope Guides from falling into the manhole. Each of these products has one or two holes through them which allows the Safety bar to be positioned and tied back if needed.

This product can also be used by two people to carry the heavier products between them.

Part No.	Length	Dia.	Weight
32950-048	48"	1-1/4"	16.5 lb.
